

KALPAR CASTORS

STRONG • STURDY • RELIABLE

PREMIUM RANGE of

AIR CARGO CASTORS

• OE CARGO HANDLING ROLLER-BED CASTORS •

SPECIALITY OF AIR CARGO CASTORS BY KALPAR

REDUCES THE CONSTANT PREVAILING FAILURE DUE TO RAIN, SNOW AND DEICING.

REDUCES SOME OF THE SAFETY CONCERN DURING THE WORKING.

THE TRIPLE SEALED SYSTEM WITH 650 LBS CAPACITY IMPROVES MANEUVERABILITY UPTO 3 TIMES.

OVERVIEW OF FEATURES AND BENEFITS

- High impact and good abrasion resistance, special grade wheel.
- Contains 2 precision ball bearings with rubber seals increasing mobility and reducing contamination.
- Zinc plated dust shield provides a third level of protection.
- Zinc plated housing for reduced corrosion and precision ball bearing for swivel action.
- Dual duty Zinc plated machined bushing for even load distribution and a second level of protection against contamination.

58mm DIAMETER CASTOR (Premium Series)

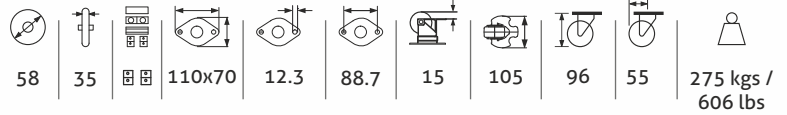

PZS 058 NO SOVPOTG P

> Wheel material: Nylon

Description

- > Dual precision ball bearing with dual metal bush and metal wheel cover
- > Mounting plate oval (diamond) type with attached toe guard

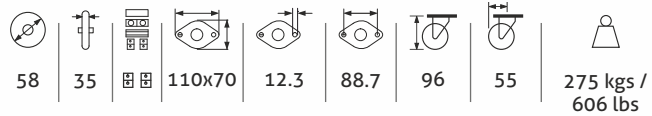

PZS 058 NO SOVPO P

> Wheel material: Nylon

Description

- > Dual precision ball bearing with dual metal bush and metal wheel cover
- > Mounting plate oval (diamond) type without toe guard.

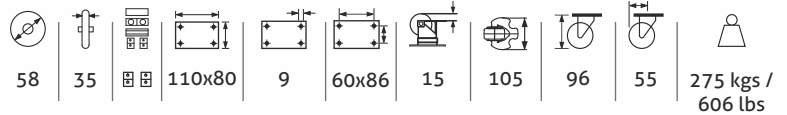

PZS 058 NO SRCPOTG P

> Wheel material: Nylon

Description

- > Dual precision ball bearing with dual metal bush and metal wheel cover
- > Mounting plate rectangle type with attached toe guard

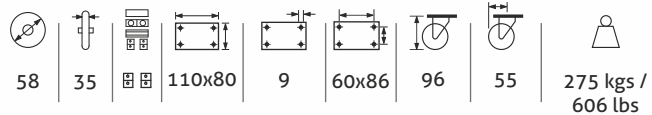

PZS 058 NO SRCPO P

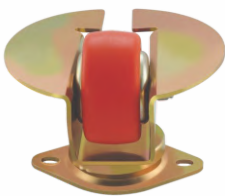

> Wheel material: Nylon

Description

- > Dual precision ball bearing with dual metal bush and metal wheel cover
- > Mounting plate rectangle type without toe guard

70mm DIAMETER CASTOR with integrated Toe guard (Premium Series)

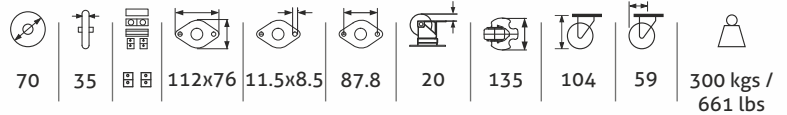

PZS 070 NO SOVPOTG P I

> Wheel material: Nylon

Description

- > Dual precision ball bearing with dual metal bush and metal wheel cover
- > Mounting plate oval (diamond) type with integrated toe guard

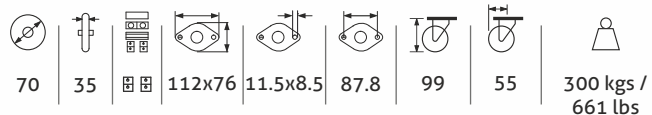

PZS 070 NO SOVPO P

> Wheel material: Nylon

Description

- > Dual precision ball bearing with dual metal bush and metal wheel cover
- > Mounting plate oval (diamond) type without toe guard

70mm DIAMETER CASTOR with attachable Toe guard (Premium Series)

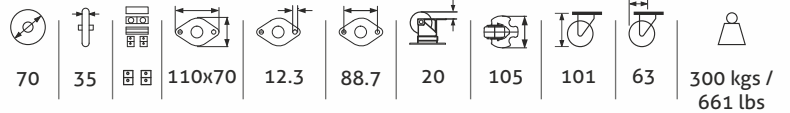

PZS 070 NO SOVPOTG P C

- > Wheel material: Nylon

Description

- > Dual precision ball bearing with dual metal bush and metal wheel cover
- > Mounting plate oval (diamond) type with attached toe guard

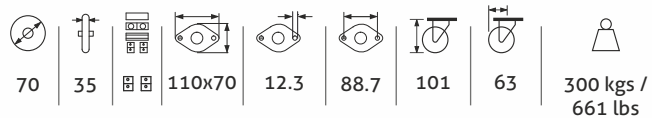

PZS 070 NO SOVPO P C

- > Wheel material: Nylon

Description

- > Dual precision ball bearing with dual metal bush and metal wheel cover
- > Mounting plate oval (diamond) type without toe guard

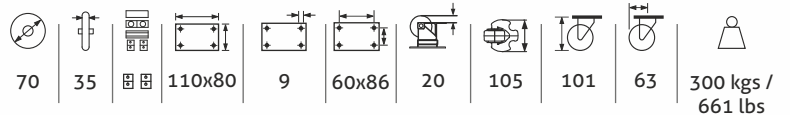

PZS 070 NO SRCPOTG P C

- > Wheel material: Nylon

Description

- > Dual precision ball bearing with dual metal bush and metal wheel cover
- > Mounting plate rectangle type with attached toe guard

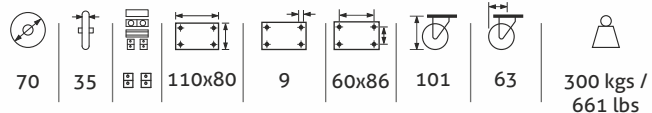

PZS 070 NO SRCPO P C

- > Wheel material: Nylon

Description

- > Dual precision ball bearing with dual metal bush and metal wheel cover
- > Mounting plate rectangle type without toe guard

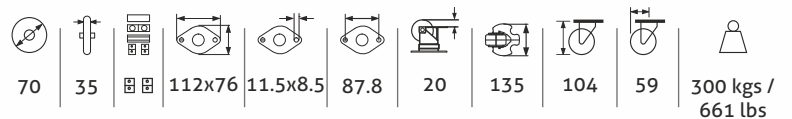

70mm DIAMETER CASTOR with Snap fitting design with exchangeable wheel

PZS 070 NO SPVPOTG P SF

- > Wheel material: Nylon

Description

- > Dual precision ball bearing with dual metal bush and metal wheel cover
- > Mounting plate oval (diamond) type with integrated toe guard.
- > And snap fit wheel assembly.

58mm & 70mm DIAMETER CASTOR (Economy Series)

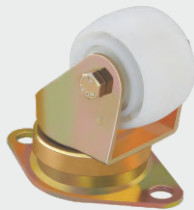

PZS 058 NO SOVPOTG E | PZS 070 NO SOVPOTG E C

> Wheel material: Nylon

Description

- > Dual precision ball bearing with single metal bush and plastic wheel cover
- > Mounting plate oval (diamond) type with attached toe guard.

58	35		110x70	12.3	88.7	15	105	96	55	250 kgs / 551 lbs
70	35		110x70	12.3	88.7	20	105	101	63	275 kgs / 606 lbs

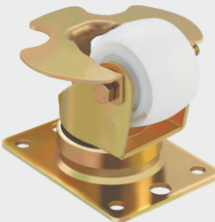

PZS 058 NO SOVPO E | PZS 070 NO SOVPO E C

> Wheel material: Nylon

Description

- > Dual precision ball bearing with single metal bush and plastic wheel cover
- > Mounting plate oval (diamond) type without toe guard.

58	35		110x70	12.3	88.7	96	55		250 kgs / 551 lbs
70	35		110x70	12.3	88.7	101	63		275 kgs / 606 lbs

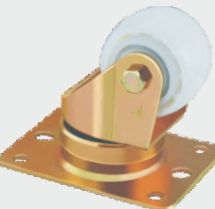

PZS 058 NO SRCPOTG E | PZS 070 NO SRCPOTG E C

> Wheel material: Nylon

Description

- > Dual precision ball bearing with single metal bush and plastic wheel cover
- > Mounting plate rectangle type with attached toe guard

58	35		110x80	9	60x86	15	105	96	55	250 kgs / 551 lbs
70	35		110x80	9	60x86	20	105	101	63	275 kgs / 606 lbs

PZS 058 NO SRCPO E | PZS 070 NO SRCPO E C

> Wheel material: Nylon

Description

- > Dual precision ball bearing with single metal bush and plastic wheel cover
- > Mounting plate rectangle type without toe guard.

58	35		110x80	9	60x86	96	55		250 kgs / 551 lbs
70	35		110x80	9	60x86	101	63		275 kgs / 606 lbs

Code Description explanation

CODE = PZS 058 NO SOVPOTG P	
PZS = PRESSED ZINC STEEL	RCPO= RECTANGLE TYPE PLATE
058= WHEEL DIAMETER	TG= TOE GUARD
NO= WHEEL MATERIAL (NYLON)	E = ECONOMY
S = SWIVEL TYPE	P = PREMIUM
OVPO = OVAL (DIAMOND) TYPE PLATE	
WE CAN PROVIDE WHEEL MATERIAL PP (POLYPROPYLENE) ALSO FOR ALL ABOVE MODELS	

Cargo Decks and Castor Decks

Multi Directional Conveying of ULD's is a significant requirement for Airports. Kalpar produces among the best-in-class castors for efficient and effective cargo deck movement.

Kalpar Castors Serves All Major Air Cargo Applications

- Used for express logistics by airports, factories, postal, courier and material handling and forwarding companies.
- Ideal for heavy, extra heavy & ODC cargo handling and internal transportation.

*Enabling Mobility,
Fostering Life.*

Kalpar Engineers Pvt. Ltd., India's premier castor wheel manufacturer, produces over 2 million durable castors annually. Since 1995, Kalpar Castors has aimed to deliver high-quality mobility solutions for diverse material handling needs. Their constant innovation and attention to detail ensure seamless and comfortable movement of material across various industries. Kalpar's success is driven by engineering innovation and elevated performance standards of their products.
